PROFESSIONAL EXPERIENCE

ICT Support Attaché | East African School of Aviation | Nairobi, Kenya | 4 May 2026 – 31 July 2026

- Maintained ICT inventory and documentation, keeping equipment records organized and up to date.
- Provided first-line ICT support to staff and students and responded professionally to user requests.
- Created and managed user accounts while maintaining accurate user information.
- Configured workstations, printers and projectors and assisted users with technical issues.
- Troubleshot hardware, software and connectivity issues to support timely resolution.
- Performed Windows updates and antivirus maintenance to support reliable workstation operations.

- Assisted with LAN maintenance, fiber optic installation and internet connectivity troubleshooting.
- Supported key management system operations and collaborated with the ICT team on day-to-day ICT tasks.

PROJECTS

Multi-User, Multi-Tenant, Multi-Role User Management API System : Java, Spring Boot, PostgreSQL, GitHub, Postman

- Developing a backend user-management API with organisation/tenant, user and role management capabilities.
- Working with Spring Boot, JPA repositories, entities, DTOs and service-layer architecture, and using Postman to test API endpoints.

Bank Ticketing and Queue Management System :Visual Basic, MySQL

- Developed a computerized ticket and queue management system for customer registration and ticket generation.
- Integrated a MySQL database for application data storage.

Task Manager App : HTML, CSS, JavaScript, Vercel

- Developed a productivity application for task management and scheduling.
- Created a responsive interface, implemented browser local storage, and deployed the application using Vercel.

EDUCATION

KCA University : Diploma in Business Information Technology | Completed, Graduation Pending(2024-2026)

St. Cecilia Nangina Girls High School : Kenya Certificate of Secondary Education (KCSE) | 2020 – 2023
